

Who is the Eugene Mission?

The Eugene Mission is...

Michael, who lost himself through alcoholism and needed peace and a new walk with Jesus.

Clifford, whose early losses and poor choices led to prison time and who needed a new path, a new direction and new Hope.

James, a veteran who needed to re-learn trust in a system that failed him.

Danielle, who lost her family due to addiction and needed stable, loving support.

The Eugene Mission is a privately-funded, relationship-centered, sober recovery campus that partners with hurting people to rebuild the disconnections that led them to the street and give them the Hope, healing and resources to return to healthy community.

What does the Eugene Mission do?

Rescue + Revitalize + Restore (R³)

- + Residential program
- + Scheduled classes/activities
- + Individually tailored resource navigation

Life Change Program

- + Addiction relapse prevention program

Low Barrier Entry to Eugene Mission Programs

Rescue Shelter

When guests first arrive at the Eugene Mission, they rest, stabilize and find support to begin a journey into sobriety and reconnection through our low-barrier shelter. After a period of up to 14 days, guests who are ready and able to commit to our programming take an exciting step into either the R³, or the faith-centered Life Change Relapse Prevention Program.

Dennis is a guest and rescue monitor who welcomes new arrivals and shares Hope through his own story.

David, a graduate of the R³ Program, spent decades trying to find stability until he connected with the Eugene Mission, built a savings and found housing.

R³ Program

Guests who choose to enter the R³ Program are assigned a Navigator, who acts as a guide and mentor, and begin the process of identifying the challenges that brought them here, while learning structure and stability through daily classes, life skills assignments and activities.

Men's and Women's Life Change Relapse Prevention Programs

The purpose of the Life Change Relapse Prevention Program is in its name. Participants come to experience deep transformation that is lived out in practical ways: They heal from addiction; they regain their self-respect; they learn how to repair and build loving relationships; they are prepared for a career; and they connect to a community of faith.

Women's Life Change graduate Danielle overcame substance abuse, disconnection from her children and loss and has found a new community of faith and a sense of value and self-worth.

Community Impact

Cycle of Hope 2023

As we look back on 2023, we have so much for which to be thankful! Our community's loving gifts and heartfelt prayers helped heal so many broken lives — men and women who are new creations because of God's love and your support.

When guests step through the Eugene Mission's front doors, a journey that began often in despair unfolds, day by day, into Hope that new life, healing and deep personal change are possible! Guests face what holds them back, keep moving forward in faith, and experience connection that enables them to succeed. They exchange a cycle of failure for a cycle of Hope!

In gratitude,

Sheryl Balthrop
Executive Director

"You make known to me the path of life; in your presence there is fullness of joy..." Psalm 16:11

Ways to Give

Consider volunteer opportunities or schedule a tour and see in-person how your donations are impacting the lives of our guests.

Contact: Community Engagement Manager **Mike Tardie** at miket@eugenemission.org

Consider financial partnerships, become a monthly sustaining donor at eugenemission.org/giving/ or remember the Eugene Mission in your estate planning: FEIN #93-0563797
